DETAILED ACTION

Response to Amendment

1. Applicant's amendment filed on February 13, 2008 has been entered. Claims 1, 3-6, 10-12, 15-17, 21 and 23 have been amended. Claims 8, 9, 13, 14, 22 and 32 have been cancelled. No claim has been added. Claims 1, 3-7, 10-12, 15-17, 21 and 23-31 are still pending in this application, with claims 21 and 26 being independent.

Allowable Subject Matter

2. Claims 1, 3-7, 10-12, 15-17, 21 and 23-31 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Applicant teaches a rub-rail assembly having a carrier, an insert, and a light-receiving cavity. The insert include first and second legs for providing an interference fit with the interior surface of the carrier, while a main body of the insert engages at least part of the outside surface of the carrier, when the insert is installed in a seat position with the carrier. In a second embodiment, the first and second legs of the insert are formed from a substantially non-transparent material.

No prior art was found teaching individually, or suggesting in combination, all of the features of the applicants' invention, specifically the insert first and second legs providing an interference fit with the interior surface of the carrier while a main body of the insert engages at least part of the outside surface, or the first and second legs of the

insert being formed from a substantially non-transparent material, in combination with the other structural limitations of the claimed rub-rail assembly.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
